The Challenge

The Platinum package is all about variety. You'll get to drive a selection of our racing cars on four very different tracks, providing a challenge for everyone. We couldn't cram any more into this day!

Team Size - 16 people.

Rockingham Lake Circuit

Prove your mettle on the Lake circuit, a twisty undulating track that stretches your concentration and demands all your attention. Find out just what our cars will do as you focus on your braking and clipping points to drive the perfect lap.

Rockingham Handling Circuit

This variation of the Rockingham infield circuits is aptly named the Handling circuit because of its demanding corners. The long sweeping corners really test your level of commitment and the tightening hairpin bends require excellent lines to maintain maximum speed on the exit.

Formula Rockingham Oval

This is single seater driving at its most raw and exhilarating, at speeds which will make your eyes water. Position your racing open-wheeler accurately next to the famous Rockingham wall and feed the power on smoothly to experience the full thrill of taming the Oval. All that's needed are tiny inputs of throttle and steering - and lots of nerve.

GpN Rallying

Dare you rip up the driving rulebook? Rallying is the most challenging and rewarding motorsport discipline of them all. Driving fast on the loose takes seat-of-the-pants talent and lightning reactions as well as being a lot of fun. You'll be laughing out loud as you slide around our gravel rally stage, and you'll take away a whole new set of skills too.

Autotest

You'll be cheering on your team-mates as they screech their way around the tricky autotest course, desperately trying to avoid sending cones flying while scrabbling for grip. You'll be laughing your head off as they demolish the course - but then it's your turn in the hot seat. What's more, you're up against the clock.
