

Beyond the limit

Have you got phenomenal car control, split-second timing and nerves of steel?

Get on the limit as you push yourself to beat the clock, but remember - the real opponent is within.

The Challenge

It's just you on the line with a time to beat. You need fast reactions, finesse on the throttle and supreme car control to set the best times on our specially designed challenges. Too many time penalties and you're out of contention - so no pressure!

Team Size - 12 people **Activities** - 6

Rally Stage

Rallying is the most challenging motorsport discipline of them all. Driving fast on the loose takes lightning reactions, as well as being a lot of fun. You'll rip up the driving rule book, learning lift-off oversteer techniques to get round the stage as fast as possible as you go head to head against your team mates.

Ferrari 360

400bhp, 0-60mph in 4.5 seconds and a top speed of 183mph - everything you'd expect from the prancing horse. Driving the Ferrari is a truly awesome experience, with all that horsepower going straight to those fat rear tyres. Don't let your concentration drop - you'll need steady nerves and great car control.

Off the beaten track (4x4)

Don't panic as the ground disappears away beneath you and all you can see is the sky. Side-slopes, seemingly impossible inclines and cross-axle sections - simply getting round this course is challenge enough. Factor in a competitive element and you can't let your concentration drop

Autotest

Pit yourself against the clock on the tricky Autotest course, with your team-mates watching. It's harder than it looks to keep control through the cones on this tricky course. Just don't demolish any - every squashed cone means a time penalty and the best time wins the trophy.

Pit-stop Challenge

You'll also be expected to work with your team to perfect the pitstop challenge in the fastest time. Get the air gun and undo the wheel nuts, then change the wheel - it sounds so simple, but the pressure is on, you're against the clock and one participant can let the whole team down.

Race Simulator

This is your chance to top the Rockingham leaderboard and become a hero. You'll need all of your driving skills as you set your time at the wheel of a race car on our International Super Sportscar Circuit. Have you got what it takes to beat the lap record?
